2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring system is available in the institution to monitor students. It has been initiated to guide the students in academic matters by maintaining good relationship. It fosters better rapport between learners and teachers. A group of students is allotted to the faculty to monitor and guide in all aspects - academic, career, personal etc. For this purpose, the staff will prepare strategies to meet different needs of the learners. They counsel the mentees in forming an effective team and achieving the overall goals. In this process, the faculty play multiple roles, in an effort to get closely acquainted with the students. For this, they conduct meetings with the students and interact with them to know about their requirements to improve their academic standards and for overall development. The role of Mentor is to 1. Monitor the regularity of the student to the college, classes and other discipline issues. 2. Maintain the academic and personal history of the student. 3. Know the family background (economic and social) of the students who are weak in studies and passive in class. Offer suggestions and give assistance to them to obtain their goals. 4. Understand the learning level of the students and design suitable teaching learning methodologies. 5. Identify slow, average and advanced learners. 6. Direct the slow learners by taking remedial classes and other language proficiency courses. 7. Encourage the advanced learners to do certificate courses to obtain overall knowledge and credits to improve their skills. 8. Inform the students about various college activities and channelizing them to do curricular and extracurricular activities or events as per their interest and talent. 9. Trace the track of major achievements and the progression of the students in academic activities. 10. Help the students to achieve their potential by giving advice for suitable careers in their respective disciplines of excellence. 11. Address individual student problems or any interpersonal issues arising in the class 12. Take the feedback from the students about the college, on teaching and learning strategies and infrastructure facilities. On the whole, mentoring system develops a good relationship between the students and teachers. The students often approach their class in-charges, mentors, subject teachers with confidence and clarify their doubts. The constant interaction between teachers and students helps the learners to improve not only just academics, but also to solve personal and emotional issues. Sometimes, based on the severity of the issue, the student is guided to consult experts. So Mentoring system focuses on the mentee's holistic development.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college follows affiliating university rules and regulations on CIE. The institution conducts Internal Examination as per the schedule released by the affiliating university. Internal evaluation is mandatory and prerequisite to assess the students' written performance to promote to write the external exam conducted by the affiliating university. Besides, every department brings certain reforms in evaluating the students' performance. Assessment is done continuously through various methods, as decided by the departments. Each department conducts continuous internal assessment in its own way. Almost all the departments conduct class tests, give assignments, organize student seminars, assign group works, etc. Sometimes, teachers are assisted by advanced learners appointed by the teachers concerned. They are selected based on their involvement, performance and active participation and completion of their assigned work in advance. All the departments even conduct quizzes, debates, group discussions, to judge students' learning levels. Some of the teachers encourage students to participate in free online mock tests to improve their standards in their respective subjects relating to the curriculum. The Dept. of English used online tool plickers in assessing grammar skills of the learners.

- 2.5.3 Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)
 - The Academic Calendar is prepared by college at the beginning of each year after the Principal conducts meetings with IQAC co-ordinator, HODs and Coordinators, Examination Committee, DRC and Sports Committee members. The academic calendar is prepared for 2018-19 and displayed in all the departments at the beginning of the academic year. The same is circulated to the classes and informed to the students. The main purpose of preparing the academic calendar in advance is to enable the departments to plan for their own department programmes and events. It also helps the students to plan their academic and extracurricular activities. The academic calendar includes the dates to celebrate national and international days, college level competitions, DRC district level competition, annual Intra-collegiate sports, Annual Day etc. All the departments and various Cells present their data for the Annual

Academic Audit. Internal Examination and the External Examination dates will be decided by the affiliating university i.e., Sri Venkateswara University, Tirupati and intimate to the institution. The College is obliged to follow the dates to conduct examinations. Based on that, institutional academic coordinator and Examination coordinator incorporate it in the academic calendar and prepare time-table. The same will be intimated well in advance to the staff and students to plan their activities. After the internal examinations, the marks are posted in the Marks registers and send the same through online to the affiliating university. College strictly adheres to Academic calendar designed by the institution as per the proceedings of APSCHE, CCE and Affiliating University.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

There is a council of students' representatives selected on the basis of merit in the previous qualifications. The student council plays a very active role in all activities of the college-academic, cocurricular, cultural, sports administrative bodies. Since it is a Women's college, it involves class representatives and student council in every activity of administration academisc etc. Most of the members of the students' council are dynamic in studies as well as all the activities inside outside the campus. Students' councils serves as stepping stones for their future leadership activities. The College campus has proved that some of its Alumni have become leaders politicians. Students'/ class representatives are selected by the Vice-Principal of the college based on their marks and general behavior. They are selected in order to groom their leadership qualities. The members of the council take the responsibility of taking daily attendance along with the lecturer. They report the names of the absentees if it exceeds more than three days to the vice-Principal. They also take care of the discipline of the class. If the concerned lecturer is not available, they report same to the vice-Principal to adjust the classes from the same department or other departments with the permission of the head of the Institution. They are the representatives to mediate between the college development committee and students. The members of student council take responsibility of works like distribution of hand books, Idcards and any other material which are given to students. They also collect the student -data which is required for the administration of the college or the University. They also take the grievances to the concerned authorities as the representatives of the student body. Regular meetings are held for the class representatives in order to support them and to get feedback from them. Among those representatives four members are selected for the IQAC of the College. Their role is important in the committee. They represent the total student community. In this Academic year the following students are representatives for the Academic Council.

7.2 - Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice I: Morning Assembly and Meditation 1. Title of the Practice: Morning Assembly and Meditation 2. Goal: To inculcate the values of discipline, punctuality and to practice tranquility of mind. 3. The Context: we conduct student assembly for about 20 minutes in the morning. The prayer starts at 9:40 A.M. Students do meditation for 15 minutes. By this, they have ample scope for introspection and concentration. They collect the strength to face the toils of the day. Pledge is one of the special features of the assembly. Self framed pledge of the institution is taken by all the students to respect and help elders, parents and teachers. etc. Talk of the day is another activity daily executed in the prayer. Teachers address the gathering drawing their attention towards subject of topical interest. The information related to the curriculum and extracurricular activities are communicated in the assembly. Singing of Vande Mataram and National Anthem generate patriotic feelings, love for cultural heritage and traditions. It motivates the students to march towards successful career. 4. Evidence of success: Encouraging feedback on the program testifies to the success of the students in curricular and extracurricular aspects and in promoting value based outcome in their efforts. Teachers find this as a platform to communicate new and current trends and counsel the students on authentic issues. Best Practice II: Free Mid-day Meals 1. Title of the Practice: Free Mid-day Meals 2. Goal: A Mid-day meal is provided by the

local temple authority " Srikalahastheswara Devasthanam" to the nonresident students, who come from near-by villages. It is really boon to the poor students. 3. The Context: This practice helps the students hailing from far flung villages to attend the college located in town. As the college runs from 10 A.M to 5 P.M. and students have to stay on the campus till the closing time. Students who come from distant places by local transport have felt inconvenient to bring lunch since they have to start very early from their places. Hence, the institution therefore launched Mid-day Meal Program with the charitable and philanthropic cooperation of the Srikalahastiswara Devasthanam. On all the working days, they supply food regularly. It is not only a benefit for the students but a reputation to theinstitution. In addition to regular lunch, bananas and eggs are also provided weekly once or twice. 4. The Practice: This practice is another laudable part of the Institution because it enables the students to attend the college regularly and focus more on classroom activities to enhance their knowledge and skills. Students who belong to economically disadvantaged sections are drawn towards the academic milieu through this scheme. 5. Evidence of Success: The program accounts for grand success. It has promoted in boosting the enrollment and attendance also has brought down the drop rate. Best Practice III: Proficiency Awards and Endowment Prizes 1. Title of the Practice: Proficiency Awards and Endowment Prizes 2. Goal: To amplify confidence and competence among the students. 3. The Context: Time time again when a striving student faces a financial or logistical obstacle, the fund allows us to make a strategic investment that in turn enables the student to solve the problem and move forward in the most efficient and productive way. 4. The Practice: There is a practice in the college that supports and encourages meritorious students. Money is donated by philanthropists to provide cash prizes for the students in various disciplines who secure highest marks in the University examinations. Further, at the time of college Annual day celebrations, such students who have already completed their course will get prizes in the form of cash, so that this act of encouragement may inspire and motivate the students on the campus to secure excellent marks in the year end exams conducted by the University. Adding to this gesture, recently another effort is made to extend support to students by the staff. Every faculty member voluntarily contributed to give away Gold and Silver Medals to the sixth semester students who secure best marks in the formative and summative assessments of the five consecutive semesters. The medals are offered from every discipline, irrespective of the mode of appointment i.e, Regular, Contract, Part time and Guest faculty. All the faculty are delightful enough to contribute to the setting up of the fund towards these proficiency prizes to increase confidence and competence among the students who are lagging behind in studies due to various financial constraints. 5. Evidence of Success: The students were enthusiastic throughout the academic year. Each and every student strived hard to get the Endowment/ Proficiency prizes. By this the score of the students started increasing every year. It has also created a healthy competition among the students.
